ABOUT CII YI YUVA Club

Young Indians involves students from schools and colleges around the country to indulge them in leadership, personal development and nation building activities. Yi Students Net envisions connecting students to the community, the country at large and working towards a movement for “Nation Building”.

Young Indians (Yi) is an integral part of the Confederation of Indian Industry (CII), a non government, not-for-profit, industry. Yi has around 1500 direct members in 32 chapters, and engages around 8300 students through student nets. Yi membership includes young progressive Indians between the age of 25 & 40 and comprises entrepreneurs, professionals and achievers from different walks of life. “To become the voice of Young Indians Globally” being the vision of Yi, it provides a platform for young Indians to participate and contribute. Yi’s work can be divided primarily into three groups; “Young Leadership” “Young Social Entrepreneurship” and “International Engagements”.

“Yi YUVA” is the name for Yi Youth Affairs vertical. Young Indians involve students from schools and colleges by forming “Chaupals” across various institutes around the country. Yi Yuva IIS Chaupal aims to synergize students and their energy for positive action. It provides an opportunity to start thinking and work for India. As a part of this net, Students work in cross functional teams with a broad objective of enhancing their leadership skills and giving back to the nation. In the process, they get opportunity for self development, skill building, community service and nation building.

The Yi Chapter launched its first Yi Student NET with the IIS University 19th September 2013. Mr. Rohit Verma, chair, Yi Jaipur Chapter and Dr. Ashok Gupta, Vice Chancellor, The IIS University, signed MOU for the same.

To gain insight into MSME, finance opportunities in Rajasthan

Description of Conclave

Anuj Bhatnagar

Focusing on promoting and supporting MSMEs, facilities provided by SBI has led to increase in MSMEs from 15% in March 2020 to 18.15% in September. SBI has large network of branches catering to agricultural, micro and small finance. There are around 38 branches focusing towards supporting MSMEs in getting finance through various options. Also, SBI provides their 80% of the financing facilities digitally.

Arun Mishra, CEO Hindustan Zinc Ltd

In the pandemic period, all of us have learned new strategies to work through various different online platforms. Similarly in order to make our economy strong, wealth creation is the most important function any of the industry especially for Rajasthan. There is a great opportunity for growth in tourism and IT & software industry. Mining industry also has huge potential for growth but it requires the positive favourism.

Sanjay Agarwal, MD & CEO, AU Finance Bank

AU finance bank is the first bank of Rajasthan talking about the data of deposits and lending having 5 lakh deposits in all banks and 3.5 lakh lending's which could further be increased to 50 crores or more. So there is ample of credit available for the business. Rajasthan is a land of opportunities as it is has disciplined, non-involvement political environment and infrastructure facilities are best. So it's the best time to enter into the business.

Salil Singhal, Chairman, Emeritus, PI Industries Ltd

Rajasthan is now at a costume growth and entrepreneurial spirit is going up. We must be very strong in the business ethics and should build strong value system in our organization. The biggest catalyst regionalization of investment is to be done; cluster approach is the need of the hour with upgradation of our skills to grow further.

Ashutosh Padnekar, Secretary-Industries & MD, RIICO ltd, Govt of Rajasthan

Every industry has its different role and strategies to grow in economy. Rajasthan has the opportunity in the gas industry, petro chemical industry, BIDA etc. Strategic projects are what required in all the 13 sectors. Initiative taken by government i.e. RIICO have shown an increase in sales slowly and gradually.

Ajay Thakur, Head BSE SME & Start Up, BSE Ltd

To help MSMEs in growing and funding, BSE plays a crucial role. MSMEs can list themselves on the BSE according to the SEBI guidelines as per the minimum post issues and market capitalization requirements to be in the SMEs categories.

The session itself gave us the insight on many existing and upcoming opportunities in various sectors and industries in Rajasthan so indeed Rajasthan is a land of opportunities for MSMEs.

Venue: Online - Microsoft teams

Name of the Resource Person : Mr. Arpit Patni, Ms Madhana Ratnavel, Mr Kushagra Juneja and Miss. Sheeba Sen (Guest for the Session),

No. of participants :08

Name of the Activity Coordinator : Ms. Vyoma Agarwal (Assistant Professor), IIS (deemed to be University)

Name of collaborating agency: Yi Jaipur and Yi National Climate Change

Objectives:

1. to know about where we stand as a planet and our needs to address climate change
2. to introduce about Miyawaki techniques used for urban forests
3. to know about methods and the futures of urban forests

Description:

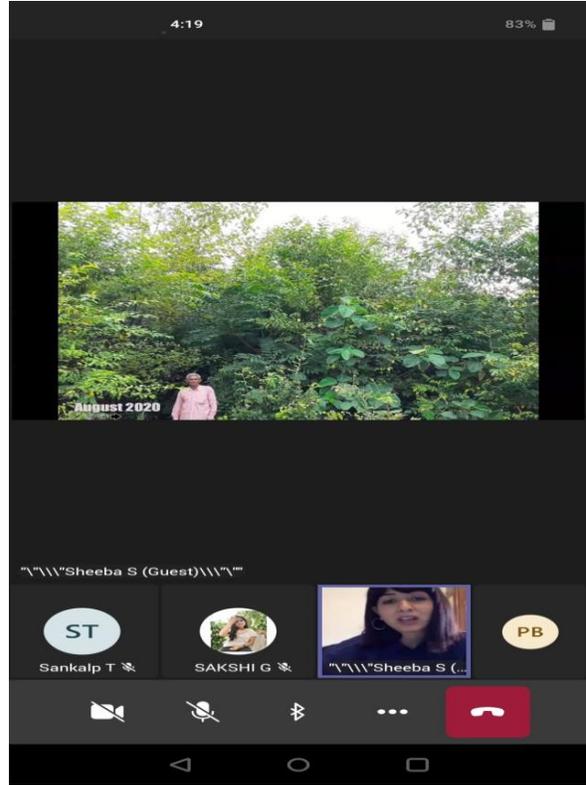

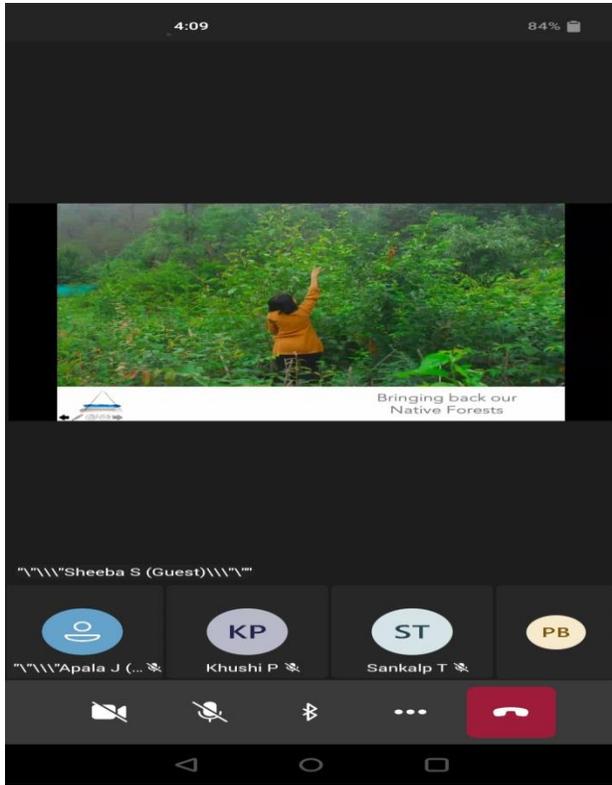

The session was started by Mr. Arpit Patni, introducing about the CII and different Yi chapters and also stating the objective of the organization, followed by Ms Madhana Ratnavel who stated the main objective of the session and introduced the topic to the attendees of the webinar. Next, Mr Kushagra Juneja, introduced the speaker of this webinar and also gave the welcome speech .

The speaker of the webinar was Miss. Sheeba Sen, founder of Alaap, a social enterprise with a mission to catalyse reforestation. She aims of bringing back the native forest by urban forest techniques such as Miyawaki technique. She works for integrated reforestation projects and Youth fellowship program. Firstly, she talked about climate change and what does it mean for India. According to her, climate change mainly occurs due to rise in temperature level, disrupted rainfall, extreme weather events and causes more diseases. She then stated about Miyawaki

forest. Miyawaki forest was first established in Japan by Dr. Akira Miyawaki who has planted more than 40,000,000 trees worldwide, at 1700 different locations. Miyawaki Forest aims at 30 times more denser forest building, 10 times more growth as compared to conventional forest, 100 times more bio-diverse and 100% natural. It focuses on multilayer green forest which include canopy layer, tree layer, sub-tree layer and shrub layer and grows 30 trees per 100 square feet with over 50 different native species. There are 6 steps to forest creation namely soil survey, native species and biomass survey, sampling preparation or procurement, preparation of soil and mound, plantation with community and maintenance and monitoring. The benefits of Miyawaki Forest are that it recharges water sources, addresses man-animal coexistence issue, increases biodiversity, especially birds and insects, increase 10 times the rate of conventional methods. Lastly the session was ended by some Q&A by the attendees and vote of thanks by Mr Kushagra Juneja to the attendees and to Miss. Sheeba Sen for the wonderful and deep learning session.

Outcomes from the Event:

Students became aware about Miyawaki techniques.
