ABOUT THE UNIVERSITY

An institution with a difference was born in Jaipur. Christened as the 'International College for Girls' (ICG), the college became a Centre of Excellence within a short span of time and began to be considered as one of the most sought after institutions in the state providing excellent ambience, infrastructure and facilities to groom its students as world-ready women. The Ministry of Human Resource Development (now, Ministry of Education), Government of India, declared ICG as a Deemed-to-be-a-University, in the name and style of IIS (deemed to be University)-(IISU) under Section 3 of the UGC Act, 1956, which was subsequently granted the 12B status by the UGC. Apart from this being a remarkable achievement, it was also a re-affirmation of our faith in the quality of education, innovative ideas and research initiatives. Since then, the University has always aimed at empowering women with a focus on the three Es - Efficiency, Excellence and Effectiveness. The Review Committee constituted by the Ministry of Education, Government of India has also recognised the competence and strength of the institution by placing it amongst the first 38 Deemed-to-be-Universities under Category 'A'. Such a placement in the highest category of assessment, including the subsequent accreditations by NAAC, has accorded greater recognition to IIS (deemed to be University) which, today, has more than 4500 students - drawn from a number of Indian states and union territories and also from abroad - enrolled in various programmes.
